MAYSVILLE, KY., TUESDAY, OCTOBER 15, 1895.

ONE CENT.

## STREET DON'T GO.

Her row lies resolute,  
Half scornful with derision;  
She stamped her dainty little foot  
In token of decision.

"I never, never, never wed!"  
She cried with sweet defiance,  
"A girl might just as well be dead  
As bound by such alliance!"  
No man shall turn my head with 'rubbish'  
Or win my hand in marriage  
Unless, she added, with a blush,  
"His rich and honest a carriage!"

## BATH CIRCUIT COURT.

Grinding Out Murderers For the Pen For Life—Other Cases.

The Bath County Circuit Court is in session at Owingsville, and among other cases that will be tried at this term was that of Henry Whitaker for the killing of New Anderson.

After having been out but a few hours the jury in the case returned a verdict of guilty, and fixed his punishment at confinement in the penitentiary for life.

Anderson was killed June 14th last, about six miles south of Owingsville. He was shot on a lone spot of the road near his home. Suspicion fell on Whitaker, and the citizens of the neighborhood became so indignant that he went to Mr. Sterling and surrendered and afterward confessed.

Jim Lewis, colored, was given four years in the penitentiary for burglary, and Matt Hamilton two years for malicious cutting.

There are 342 cases on the docket of this term, and Court is likely to be in session some time.

## KENTUCKY'S LOSS.

The Rev. William E. Cave to Locate at Charlotte, N. C.

The church-going people of Mayville who were fortunate enough to hear Rev. William E. Cave of Paducah preach at the Central Presbyterian Church and the M. E. Church, South, Sunday morning and evening, will no doubt learn with regret that he is to leave his old Kentucky home for one in the South—at Charlotte, N. C.

Rev. Cave is one of the most talented and refined young Ministers this state contains, and that the old Commonwealth needs his services every one who is familiar with him knows to be a fact.

He was chosen Moderator of the Southern Presbyterian Synod, which met in this city last week, and in our estimation he made one of the most dignified presiding officers that body of godly men ever had.

Rev. Cave has been with the Paducah Presbyterian Church but a few years, and in that time the membership has increased to such an extent that it was found necessary to divide the church, the city now having two Presbyterian Churches—First and Second—originating out of Rev. Cave's church.

He leaves with the best wishes of not only his congregation, but of the citizens of our city who heard him and who have associated with him, and the people of this state will all say that North Carolina has indeed added a rare gem to her crown.

## CRIMINAL PROSECUTIONS.

ENORMOUS INCREASE IN COSTS OF "FAKE" TRIALS.

Money Taken From the Treasury on Claims That Should Never Have Been Allowed at all.

One of the most striking examples of the manner in which the State Treasury has annually been looted for the past score of years is furnished by the records of state showing the immense sums of money which have been drawn out of the State Treasury for what is known as criminal prosecutions. All of these claims are of course presented to the Auditor, and cannot be collected unless the Auditor passes favorably on them.

In many of the towns throughout the state reform organizations have been making war on this pernicious practice. It was discovered that policemen, by trumping up felony charges against men whom they knew were innocent of such an offense, or in other words by taking out a warrant for a felony when the facts prior to the arrest established evidence showing that only a misdemeanor had been committed, had collected fees from the state which doubled the claims of the reform organizations.

Average increase per year.....12,857 48

Since Auditor Norman's reign began everything on the debit side of the ledger has been increasing. The deficit in the general expenditure fund increasing at the rate of \$23,000 a year; his office expenses increased \$18,000, and now the money paid criminal prosecutions increasing at the rate of \$12,000 per annum. And in this connection some figures in the history of the increases in the deficit in the general expenditure fund might be interesting. The condition of this fund was as follows, in 1886-1887:

1886—Balance credit fund.....\$16,658 14  
1887—Balance credit fund.....11,938 59

Since 1890, however, the yearly increase in the deficit is shown by these figures:

1890—Deficit in fund.....\$210,134 80  
1891—Deficit in fund.....338,580 71  
1892—Deficit in fund.....378,118 88  
1893—Deficit in fund.....396,854 38

From this it will be seen that the deficit in the general expenditure fund has been steadily increasing at the rate of about \$25,000 per annum for the last ten years, and that the expenses in every branch of the state Government are increasing in the same proportion. This forces the query, How will the taxpayers raise the money to pay the increased tax levy to save the state with four years more of this sort of progressive increase to everything except receipts?

The Synod of the Southern Presbyterian Church at the close of its sessions adopted, by a rising vote, the following:

Resolved, That we tender our thanks to the members of the Central Presbyterian Church and the good people of Mayville who have so kindly entertained us; also to the Street Railway Company for courtesies.

As Pastor and Chairman of the Committee on Entertainment I wish thus to publicly and heartily indorse the action of Synod. W. O. COCHRAN, Pastor.

W. S. Cleveland's Allied Shows.

W. S. Cleveland's Minstrels opened a week's engagement at the Academy of Music last night to a large and thoroughly appreciative audience that completely packed the house.

The entertainment offered by Mr. Cleveland has several features that are refreshingly new and worthy of favorable comment.

For the first part the curtain rises on the white artists in sou t costumes. Directly back of the chairs occupied by the royal personages hangs a heavy curtain that parts and discloses a company of colored minstrels, with another curtain that afterwards parts as the first one did and brings to view a band of Arabs and a troupe of Japanese "Jo-Jo" pictureque costumes. Following this first part there are several good specialties and a laughable colored dance, and the performances of the Arabians and Oriental minstrels. In these two great features three to six acts are given simultaneously.

Of the comedians in the white contingent J. H. Blackford, Bert Shepard, and Joe Carl and Lew Benedict carried off the honors, and were continuously funny in their dialogues, songs and dances.

The singers of the company are all of a high class and the quartette selections offered were particularly pleasing. William Henry Rice is particularly amusing in his work on Trilby, and adds not a little to the success of the production.

The above attraction will appear at the Washington Opera-house tomorrow evening, October 16th.

**KENTUCKY REPUBLICAN PLATFORM.**

We are opposed to the free and unlimited extension of silver, believing that it would tend to the country in financial ruin. We believe in a sound currency and in the use of gold and silver for currency, provided always that a dollar in coin is made practically as valuable as a dollar in the paper.

We favor a tariff so regulated as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, but leaving room for the laborer and a home market to the producer; and in connection with this we favor the establishment of a bureau of reciprocity. We believe that such a bureau will defray from Government expense, gradually liquidate all its indebtedness, restore public confidence and respect to the year the under sectional now prevailing concerning the currency. In view of the past financial history of the Democratic party, its reaction to the old state bank system and solid tendencies, we affirm that the Republican party can be more safely trusted to regulate the financial system of the Nation.

We favor an American policy which will protect American and American interests in any part of the world at all hazards and will sympathize with struggling Republics rather than dominant monarchies.

**Uncle Sam's Shortage.**

The deficit in the National Treasury for the present fiscal year—from July 1st to date—is \$15,200,000.00.

Mr. SAMUEL E. MARTIN, one of the best citizens of Mason County, will submit his name before the Republican Convention next Saturday for nomination for Representative from this county. Require MARTIN needs no introduction to the people of Mason. He is a conscientious gentleman, and if chosen will represent the people with ability and credit.

The raid upon the markets of the world that has been made by American cattle growers seems to have fallen short of expectations during the current fiscal year. From returns of the Bureau of Statistics of the Treasury Department we find that, last July, we shipped abroad 185,618 head of cattle less than in July, 1900, while in August we shipped 14,306 head less than in the preceding August, the total decrease being 200,924 head for the two months of

this year and the money loss being \$20,267,538, as can be seen from the following figures:

FOREIGN TRADE IN CATTLE.			
	July.	August.	Total.
1900	\$1,150,000	\$1,150,000	\$2,300,000
1901	\$1,150,000	\$1,150,000	\$2,300,000
Loss 1900	\$1,150,000	\$1,150,000	\$2,300,000

We did not look for such returns as these. They are hardly in keeping with the promised capture of the world's markets. We surely cannot be getting a tight grasp upon them when we are losing at the rate of nearly \$1,500,000 a month in our foreign trade in cattle alone.

The Cincinnati waterfront which has been rebuilt and is now practically completed. It will be ready to accommodate boats and shippers by the time the boats are again running.

The Bostons has finally been hailed out on the ways after two days constant pulling. The boat is one of the largest on the river, and is consequently heavy. The chains of the ways suffered considerably from the job, and nearly a dozen were broken. The Bostons' bottom is in excellent shape except the hole that was made in her contact with the rocks of the River Convention excursion, and it will take but a few days to complete the repairs.

The following data, compiled by the General Freight and Passenger Agent of the Memphis, New Orleans and Cincinnati Packet Company at Cincinnati will be of interest at this time, as it shows the extreme low water marks for each year since 1860, together with the date of each year.

**WHAT FIGHT.**

**Gov. Clarke Says it Shall Not Come Off in Arkansas.**

**He Will Administer the Prevention Before the Cure is Needed,**

Or Else Take His Office Over to These—The Governor Will Cause the Arrest of Corbett and Fitzsimmons at the Moment They Set Foot in Arkansas.

LITTLE ROCK, Ark., Oct. 13.—No visible change has taken place here since Saturday on the question of the proposed Corbett-Fitzsimmons fight at Hot Springs. When seen by your correspondent Monday afternoon, Gov. Clarke authorized the statement that he has now full charge of that position to the state law which makes prize fighting a misdemeanor, and that as "an ounce of prevention is worth a pound of cure," and therefore he, as governor, was going to administer the prevention before the cure was needed or else resign his office and turn the state over to the thugs and their cohorts.

"I am going to prevent this fight with my pocket book," said the governor. "In this country, I shall resort to a force that will compel respect. I have all the law I need, the people of the state are opposed to the fight, and the taking place in Arkansas, and it is the duty of the chief executive to enforce their wishes. You can also say that no reliance is to be placed in an adverse statement contained in any dispatches to which I have said above. The fight will not take place at Hot Springs or at any other place in the state, either on October 31st next, or at any other date while I am governor."

Although Monday's dispatches state that Corbett and Fitzsimmons will be in Hot Springs within the next day or two, the governor says he will cause their arrest immediately after they enter Arkansas territory. All parties at Hot Springs are still hopeful that the fight will take place and preparations for the mill are being pushed rapidly. Public sentiment at Hot Springs is decidedly in favor of the fight as it is in fact among sporting circles all over the state. Corbett expected to arrive at Hot Springs Tuesday and a telephone conversation with the Springs Monday afternoon says he will give a good account of himself Wednesday night. Gov. Clarke says Corbett will do nothing of the kind and future developments will be watched with the deepest interest.

Three separate charges are made on account of the fact that Mr. House had received interest on city money deposited in three different banks. Warrants were at once made out and placed in the hands of an officer for the arrest of the accused. All parties in the case, together with a copy of the detailed report of council sub-committee have been placed in the hands of the district attorney.
